Department of Health Announces Temporary Closure of Clinics for Training

St. Croix, US Virgin Islands—The Department of Health clinics on St. Croix, St. Thomas, and St. John will be closed on Friday, December 18, 2020 for clinical staff professional development training.

Family Planning, Maternal and Child Health, Community Health, Behavioral Health, and Communicable Diseases clinics in both districts will be closed, but will resume normal business hours on Monday, December 21, 2020. All non-clinical services will continue as regularly scheduled.

This training will occur every third Friday of the month going forward. The department apologizes for any inconvenience this temporary closure may cause.
